The topic for this month is
Pumpkins and Pizzazz

The ever popular
Roseann Ferguson
Will be the guest presenter.

Visitors Welcome

CLUB MEETING LOCATION

At the Jewish Community Center, Big D room.

7900 Northaven Road, Dallas – Next to North Haven Gardens. Directions: From southbound U.S.75, Northaven Rd. is second street south of Forest Ln. turn west. From Hillcrest Rd. Northaven is fourth street north of Royal Lane, turn east.

President's Message

Here we are in October already, the month we know as the tenth month of the year. However, in the early Roman calendar, October was actually the eighth month – hence its name rooted in “octo” meaning

“eight.” Maybe that is why October often feels so hot – it is competing with our eighth month, August.

Hopefully, however, by the time you read this, October will feel like FALL! For those of you with fall gardens, cooler days and nights should really pay off and you can truly celebrate fall with a cornucopia of treats from your yield.

Another way to celebrate fall is to visit a park or take a walk in the woods and soak in the beauties of nature this time of the year. Naturalists say that to witness wildlife movement, one should be there early in the morning or late in the afternoon. Now, I hate to dispute the experts, but two weeks ago, I was turning the compost pile behind my fence which backs up to the SOPAC trail near White Rock, and along came a mother bobcat followed by six babies walking near the trail about ten feet away. The mother caught my scent and stopped and looked around, but the kittens were oblivious. One even stopped to rest a minute, then probably thought better of it and moved on!

Moving on to club business, we have a great program scheduled for October – Pumpkins with Pizzazz! And, don't forget that at every meeting we have a drawing for a \$50 gift card to a local nursery!

Meanwhile, please patronize our advertisers! Hope you have lots of trick or treaters – well, maybe not too many. Nothing worse than running out of candy! —Alan

Marti Ives
Salad Dressing

Basil Vinaigrette

- 2 C fresh basil firmly packed leaves
- 1 tsp minced garlic
- 2 Tbsp chopped shallot or red onion
- 3 Tbsp red wine vinegar
- 3 tsp. salt
- 3 C extra virgin olive oil

Remove all the stems from the basil (stems are bitter)
Wash and dry the basil leaves then place them into a blender
add all ingredients and blend on high speed for 30 seconds or until smooth
Taste and adjust seasoning as necessary.

Show and Share Fun

If you have something to Show and Share with the club, bring it to the meeting this month.

Marti Ives says she is bringing a curly leaf spider or an airplane plant. She suggests sharing extra seeds, cuttings, and started plants by placing them in envelopes, paper cups, or plastic containers and labeling them with the plants' names.

Other ideas: Do you have a PICU? -a plant needing an intensive care unit? Someone else's green thumb may itch for the challenge of reviving such a plant. Maybe you just have something you would like to give away. These gifts bring sweet memories.

Club Birthday

Alan Gage October 21st

ROSEANN FERGUSON

Contact: Dallas County Master Gardeners Speakers Bureau

To book a speaker:

<https://dallascountymastergardeners.org/get-help/speakers-bureau/>

PERSONAL STATEMENT

Roseann has loved gardening all her life, but it wasn't until retirement that she had time to really become involved. A trip to Costa Rica motivated her interest in butterflies, and her subsequent volunteer activity with Texas Discovery Gardens has given her the opportunity to develop her gardening skills. Roseann's other interests include gardening, travel, and photography.

Roseann speaks on the following topics:

1. Seductive Succulents – growing and propagating succulents (PowerPoint & demonstration)
2. Propagation Workshop – techniques for plant propagation (PowerPoint & demonstration)
3. Attracting Pollinators with Native Plants – encourage use of native plants (PowerPoint)
4. Succulent Pumpkins—create decorative pumpkins with succulents (PowerPoint & demonstration)
5. All About Seeds—identifying, collecting, storing, and planting seeds (PowerPoint)

CERTIFICATIONS

TEXAS MASTER GARDENER, Dallas County 2008

The Real Scoop

Enjoy your favorite flavor with a scoop of these fun facts.

The first U.S. ice cream parlor opened in 1776 in New York.

The waffle cone is said to have made its debut in 1904 at the St. Louis World's Fair.

Italy wins the record for the world's tallest ice cream cone, at over 9 feet tall.

The most popular ice cream topping worldwide is chocolate syrup.

At any period of time, 87 percent of Americans have ice cream in their freezer.

One cow provides enough milk to make 730 gallons of ice cream per year.

About 9 percent of milk produced in the U.S. is used for ice cream.
